

Lustrolite® Ten Year Limited Warranty

EGR Lustrolite® panels are manufactured and designed as a decorative finish for indoor use only.

Lustrolite is designed to be attached on to a solid wall or structure in accordance with local building regulations and the **Lustrolite Installation Guide**. Lustrolite is not suitable for backlighting or for use as a structural building element.

The Lustrolite warranty covers faulty materials and workmanship only for a period of ten years from the date of sale by EGR subject to the terms, conditions and exclusions contained within this warranty document.

Should a valid warranty claim be made, EGR will provide replacement panels and/or a refund based on 100% of the original purchase price for the first two years and then a reducing value of the original purchase price of 10% per year after the first two years.

In the event of a valid warranty claim, EGR will supply replacement panels of equal value and compensate the purchaser (if requested) to a limit of \$200 AUD, for any fabrication, installation or transportation costs incurred for the replacement of the faulty panel. EGR accepts no other liability, consequential loss or damages of any kind related to a valid warranty claim.

Usage behind cooktops

Please refer to the **Lustrolite Installation Guide** available on lustrolite.com for detailed instructions. Lustrolite is not suitable for use as a wall finish behind gas cooktops.

Lustrolite can be used as a splashback wall finish behind electric and induction cooktops with a minimum clearance of 50mm between the rear edge of the

cooktop and the face of the Lustrolite panel in its installed position.

Colour Change

Within ten years of the date of sale by EGR, Lustrolite installed indoors will not change colour beyond a Delta E of 5 measured by reflection from the clear side of the panel.

Warranty Exclusions

The Lustrolite warranty specifically excludes the following claims:

- damage by abrasion of any kind
- damage by impact of any kind
- poor handling, incorrect fabrication or installation techniques
- use of inappropriate cleaning agents or methods (refer to '*Recommended Cleaning Procedure*' in this document)
- surface damage of any kind from cookware or cooking utensils
- exposure to aggressive chemicals of any kind.

Validation of a Claim

For a warranty claim to be validated the affected panel may be required to be returned to EGR at *40 Machinery Street, Darra, QLD 4076, Australia* for evaluation.

Warranty Case

Warranty claims shall only be considered if the following conditions have been met:

- a) It can be proven that the panels have been used as set out in this warranty and that the panels have been installed as set out in the **Lustrolite Installation Guide**.

- b) The claim is made immediately upon the detection of a defect in the panel.

- c) The invoice from the supplier of the Lustrolite panel can be produced. The invoice should show the purchase date, and the supplier's name, address and details.

To the extent permitted by law this written warranty for Lustrolite is in lieu of all other warranties and conditions (express or implied) including without limitation, any written or verbal statement or representation.

EGR shall, to the extent permitted by law, not be liable for any damages arising out of the use or application of Lustrolite panel, nor shall EGR be liable for any amount greater than the original invoice value for the Lustrolite panel.

This warranty represents, to the extent permitted by law, the purchaser's sole and exclusive recourse.

Recommended Cleaning Procedure

Lustrolite panels should be cleaned regularly. A regular cleaning program will reduce the effects of ageing but will not eliminate them.

Cleaning Steps:

1. Using a soft microfibre cloth or soft sponge, lightly wash the panels with lukewarm water and mild detergent only.
2. Do not scrub or use brushes, scourers or harsh instruments at any time. Lustrolite panels are not scratchproof.
3. Rinse off the panel with clean lukewarm water.
4. Dry with a soft clean microfibre cloth to prevent water spotting.
5. Do not clean in direct sunlight.
